Thank You!

We hope that you found the digital seminar informative and worthwhile. As your partner in the local business community, the primary goal is to bring businesses together and discuss ways to enhance their digital marketing. Knowing that having an updated website, responsive design (a site that responds to the user's behavior and environment based on screen size, platform and orientation) and consistent marketing are key contributors to your success, we commit to providing best-in-class services and platforms to market your business and services to the local market.

We wish you all the best and hope that you continue your efforts in strengthening your digital strategy. Stay tuned for upcoming events by the Arizona Daily Star and Tucson Digital Media.

Sincerely,

John Kerr
